

Guide Check List

For some, the planning and the preparation can be half the fun. Again, we provide for everything needed on a guide trip but there are personal items that are great to bring along.

Recommended Items:

- License: Required, Click the Link on the Home Page with the Division of Wildlife
- Glasses: A Must Have, quality lenses, polarized, and photo chromatic
- Shell: The weather changes might quickly here in the West
- Sun Screen: The sun can be extremely intense at altitude
- Hat: Full coverage for ears is helpful
- Fleece Pants: Light to Heavyweight depending on time of year
- Socks: I like two thin pairs verses one thick
- Rod/Reel 3 to 6 weights depending on water if you just have to use your own (I DO)
- Vest/Belt Great for carrying water, Nice to have nippers on two person guides
